### Personal information you disclose to us

*In Short:* We collect personal information that you provide to us.

We collect personal information that you voluntarily provide to us when you express an interest in obtaining information about us or our products and Services, when you participate in activities on the Services, or otherwise when you contact us.

**Personal Information Provided by You.** The personal information that we collect depends on the context of your interactions with us and the Services, the choices you make, and the products and features you use. The personal information we collect may include the following:

- names
- phone numbers
- email addresses
- mailing addresses

**Sensitive Information.** We do not process sensitive information.

All personal information that you provide to us must be true, complete, and accurate, and you must notify us of any changes to such personal information.

## Information automatically collected

***In Short:** Some information — such as your Internet Protocol (IP) address and/or browser and device characteristics — is collected automatically when you visit our Services.*

We automatically collect certain information when you visit, use, or navigate the Services. This information does not reveal your specific identity (like your name or contact information) but may include device and usage information, such as your IP address, browser and device characteristics, operating system, language preferences, referring URLs, device name, country, location, information about how and when you use our Services, and other technical information. This information is primarily needed to maintain the security and operation of our Services, and for our internal analytics and reporting purposes.

Like many businesses, we also collect information through cookies and similar technologies.

The information we collect includes:

- ***Location Data.*** We collect location data such as information about your device's location, which can be either precise or imprecise. How much information we collect depends on the type and settings of the device you use to access the Services. For example, we may use GPS and other technologies to collect geolocation data that tells us your current location (based on your IP address). You can opt out of allowing us to collect this information either by refusing access to the information or by disabling your Location setting on your device. However, if you choose to opt out, you may not be able to use certain aspects of the Services.

## Google API

Our use of information received from Google APIs will adhere to [Google API Services User Data Policy](#), including the [Limited Use requirements](#).

Wi-Fi, and cell towers to estimate your location. GPS is accurate to about 20 meters, while Wi-Fi and cell towers help improve accuracy when GPS signals are weak, like indoors. This data helps Google Maps provide directions, but it is not always perfectly precise.

## **4. DO WE USE COOKIES AND OTHER TRACKING TECHNOLOGIES?**

## 7. HOW DO WE KEEP YOUR INFORMATION SAFE?

*In Short: We aim to protect your personal information through a system of organizational and technical security measures.*

We have implemented appropriate and reasonable technical and organizational security measures designed to protect the security of any personal information we process. However, despite our safeguards and efforts to secure your information, no electronic transmission over the Internet or information storage technology can be guaranteed to be 100% secure, so we cannot promise or

## 10. CONTROLS FOR DO-NOT-TRACK FEATURES

Most web browsers and some mobile operating systems and mobile applications include a Do-Not-Track ("DNT") feature or setting you can activate to signal your privacy preference not to have data about your online browsing activities monitored and collected. At this stage, no uniform technology standard for recognizing and implementing DNT signals has been finalized. As such, we do not currently respond to DNT browser signals or any other mechanism that automatically communicates your choice not to be tracked online. If a standard for online tracking is adopted that we must follow in the future, we will inform you about that practice in a revised version of this Privacy Notice.

California law requires us to let you know how we respond to web browser DNT signals. Because there currently is not an industry or legal standard for recognizing or honoring DNT signals, we do not respond to them at this time.
